CHARTERED ACCOUNTANTS

WHO WE ARE?

Catalyse Advisory, is a business consultancy and financial advisory firm with a specific focus on financial empowerment of our clients through a combination of deep domain expertise, result oriented outlook, and a fundamental desire to create a robust financial ecosystem that enables clients to flourish in their core competence.

Our service portfolio consists of end-to-end management of accounting, auditing, taxation, valuation and assurance verticals of our clients. We also offer legal, deal advisory and portfolio management services. Our teams specialize in combining their sharp technical acumen with a mature grasp of the contemporary business environment and its ever-evolving nuances, from analysis to insight. Our commitment to test every possible answer for a subsequent ‘so what?’ is what helps us turn our engagements into partnerships.

Beyond helping clients in staying compliant with the law, we work with them to understand their long-term goals for financial mobility, and work within this frame to develop an action roadmap. Our belief in a client-first philosophy is evident in our modus operandi – **we craft bespoke solutions specific to each individual clients’ financial requirements and work in close collaboration with CXO level leadership** to identify and action on opportunities and threats as we support them in achieving their desired financial outcomes.

Be it a mid to large sized firm seeking a deeply immersive partnership for its financial management as it prepares for the next phase of growth, or a start-up that is currently traversing through the ebbs and flows of nascency, We at Catalyse can craft the solution that is right for you, with you.

OUR SERVICES

Deal Advisory & Corporate Finance

Growing through an inorganic route is an important part of the strategy. Identifying the right target therefore becomes critical to make the acquisition a success. We help in scouting for deals which provide synergies and are a 'right fit'. Through our network of relationships, we assist the funding needs of our clients to help them navigate various challenges and convert them into opportunities.

Direct Tax & FEMA

India's taxation system is perceived to be the most complex globally. With the direct taxation laws in India constantly amending to reflect the changes in the economy and policy of the government, handling tax function in most companies can be challenging. Our tax function addresses complex issues, making sure you can operate confidently in today's disruptive landscape.

Indirect Tax & GST

Indirect tax GST has come to be at the forefront of the government's fiscal reform priorities over the years. The complex and long supply chain of medium to large enterprise pose humongous challenge in the compliance and management of indirect taxes. We have in-depth knowledge of the various laws and regulations pertaining to each state and making your supply chain tax efficient.

Audit & Assurance

Audit & Assurance form the foundation of a business built on strong principles to generate trust in stakeholders. While clients may already possess the characteristics needed to navigate the business environment seamlessly, we offer our clients a unique value proposition confidence. Confidence, that empowers them to focus hassle free on their core competence.

OUR SERVICES
